Have Your Say

Last Updated Tuesday, 07 February 2012

During 2011 lots of people attended meetings and made their views known on a wide range of local issues. Those behind the Future of Our Village group were delighted by the responses and have now been able to put all the information together into a final survey form. This will enable everyone to give views on their priority issues - even if they didn't take part in any of the previous meetings or workshops.

In conjunction with Community Impact Bucks, an organisation which works to assist communities to prepare Village Plans, the information has been put into a Survey Monkey, a software tool designed to gather and analyse feedback from completed questionnaires. That questionnaire is now available by going to the link below and it will take about 15 minutes to complete.

Please complete the survey - that's all you have to do - and then look out for the results. The closing date for completing the survey is Sunday 5 March so please don't delay.

Sue Wagner and Dave Kimber collecting views on The Parade

If you do not have access to a computer please call into the library where one of the staff will be happy to offer the library computers and guidance on completing the form. Paper copies of the form will also be available in the library or from the Community Centre. You can leave the completed questionnaires at either of these places where they will be collected.

Please take this opportunity to have your say by clicking here to complete this important survey on the future of our village
